Caterham 310R 1600cc Toyo Tires 7 Race Series Championship

I first started competing in go-karting around 4 years ago, when I found out about Drivers Development Club at Brentwood karting, which helped me to develop as a driver and achieve my goal to join the Senior Race League, in which helped me to develop my racing experience, and build on my progress to achieve good results and podium wins

This is something that I loved straight away, it gave me passion & ambition to push me forward to achieve my motorsport potential!
